Cost: \$120 per student including all materials and light lunch
Class size: 10-20 students
To Register: 250-544-1588 or www.SmartTutorReferrals.com

Curious about the Ocean?

This dynamic and intensive workshop will appeal to students curious about the how's and why's of ocean sciences.

We will:

- ▶ excite students about oceanography and marine biology through tangible, hands-on activities.
- ▶ help students to feel more in-tune with the environment.
- ▶ expose some interesting career possibilities.
- ▶ have fun learning about local oceanography.

The workshop is a blend of theory and application, including class time and research in the field.

Students will explore:

- ▶ Marine Biology – marine habitats and intertidal zones
- ▶ Chemistry – some chemical properties of the ocean
- ▶ Physics – how oceans, waves and currents work
- ▶ Geology – the underwater world from the canyons to the mountain tops
- ▶ Environmental Studies – truths and myths about global warming and pollution

Workshop created and run by experienced instructors with Smart Tutor Referrals.

To Register, call **250-544-1588** or visit www.SmartTutorReferrals.com
